FOR THE ATTENTION OF THE PERSON WITH PARENTAL RESPONSIBILITY

**Re: Pathway Recommendation for September 2017/18
Student's Name & Tutor Group**

As part of our commitment to raising attainment for all our students, we offer a pathways system for Year 9 students when selecting their option subjects for Key Stage 4. This means that students are offered a curriculum which best meets their learning needs whilst supporting them in progressing onto further education courses, employment or training.

The recommended Pathway for your child is **Vocational Pathway**.

Your child will study **1 BTEC** and choose **1 Design and Technology option subject at GCSE level**.

All students in this Pathway will study English, Mathematics, ICT, Science, RE and Core PE.

The full range of courses available at Biddulph High School are detailed on the school website.

This is an exciting time for Year 9 students as they make their subject choices for the next stage in their education. We very much look forward to monitoring their progress in these subjects and celebrating their achievements in the future.

If you have any queries regarding Pathways, or would like to see the full range of Pathways available, please contact me.

Yours sincerely,

Mrs V Hatch
Head of Key Stage 3 Pastoral
